DESCRIPTION :

Incase Facet Sleeve's sleek, form-fitting design conforms to the shape of your MacBook to retain a streamlined silhouette that shows off the beauty of your device while providing a strong, protective barrier against scrapes and scratches. Inside, the fully padded interior cushions your machine from end-to-end and features two internal storage pockets to keep cords and accessories organized. Outside, the sustainable and durable 300D recycled polyester exterior, featuring a durable, water-repellent (DWR) coating, combines with the PU-coated weather-resistant zipper to keep moisture out and your MacBook dry. On the surface, the subtle twill weave adds an appealing tactile texture while accentuating the sleeve's clean lines and pure form.
