IVISOR GLASS IPAD AIR 9.7 (2013 - 1ST GEN) BLACK

Screen protector for iPad Air

REF : MO-99MO075003

EAN : 4712052316416

EXISTS IN : BLACK, WHITE

DESCRIPTION :

Screen protector made from IonGlass with an atomic strengthened structure that outperforms conventional glass protectors. Virtually no impact or scratch resistance for the ultimate bubble-free protection for your iPad screen. Its rounded edges follow the curved lines of the iPad screen for end-to-end protection. Unlike traditional protective films that require time-consuming installation, iVisor is based on patented technology that allows for instant installation without a single air bubble. iVisor Glass is made from a type of glass with an atomic structure that has been strengthened to surpass the hardness of tempered steel, making its surface virtually impossible to scratch, even with a knife.

STRENGTHS :

- End-to-end protection with curved edge.
- Exceptionally clear screen protector made of glass with reinforced atomic structure.
- 100% bubble-free installation.

COMPATIBILITY :

iPad Air 9.7 (2013 - 1st gen)
