### DESCRIPTION :

The Xtorm Solar SuperCharger 10,000 is a rugged outdoor solar Charger with a double solar panel for maximum energy capture. It gives you the freedom and energy to go anywhere you want, making it perfect for all your adventures.

#### **Powered by the sun**

The Solar SuperCharger itself can be recharged in two ways, either via USB-C, or by taking it outside and let the built-in set of solar panels do its work. The efficient SunPower® cells even function on a cloudy day! If you leave the Solar SuperCharger out in the sun during the day, you'll have more than enough power to recharge your smartphone at night.

#### **Powerful & high capacity battery**
