

SOLID BLUE USB-C - LIGHTNING CABLE (2M)

Cable (2m)

REF : XT-CS034

EAN : 8718182274615

EXISTS IN : BLUE

DESCRIPTION :

Xtorm Solid Blue cables are ultra-strong and built to last. Every detail is designed to withstand the wear and tear caused by heavy use.

STRENGTHS :

- **Ultra-strong materials**
 - Cables in the Solid Blue series consist of a multi-layer composite that contains woven nylon and DuPont™ Kevlar® fiber. This composite material is what gives the cable its strength and durability.
- **Bend-proof**
 - Every Solid Blue cable incorporates XFLEX4, a technology that makes sure the connectors at both ends of the cable are bend-proof. This has been tested to the extreme by bending the cable for over 30.000 times, ensuring they are of the highest quality.
- **Lifetime guarantee**
 - Xtorm Solid blue cables are built to be life-proof. They have a smart design that include innovations such as XFLEX4 and use a ultra-strong composite material for the cable. These qualities allow us to offer a lifetime guarantee* on all Solid Blue cables.
- **Fast charging**
 - This USB-C to Lightning cable is the perfect solution if you want to make use of the fast-charging feature on select iPhone and iPad Pro models. When connected to a USB-C PD charger you're able to charge your iPhone up to 50% in 30 minutes, compared to 19% when using a regular charger and cable. You can also use this cable to connect your iPhone, iPad, or iPod with Lightning connector to your USB-C or Thunderbolt 3 (USB-C) enabled Mac, iPad Pro, or other USB-C devices for syncing and charging.
