

## XTREME USB-A TO LIGHTNING CABLE (1,5M) - ORANGE/BLACK

Cable with USB-A to Lightning connector

REF : XT-CXX002

EAN : 8718182275902

EXISTS IN : ORANGE

### DESCRIPTION :

These Ultra-Strong Xtorm cables are built to last – and offer a Lifetime Warrantee. Every detail is designed to withstand the wear and tear caused by heavy use. It's able to withstand 100.000x bends, and is pull tested to support up to 100kg!

### STRENGTHS :

#### Ultra-strong materials

This cable is made from a multi-layer composite material with a reinforced core, that gives it extra strength and durability. Every detail of this cable is designed to be maximally rugged, even the included cable strap!

#### Reinforced materials

33% Aluminium

54% Nylon Braiding

13% DuPont™ Kevlar® Fiber

#### XFLEX Bend-proof technology

Xtorm Xtreme Cables are designed and engineered to be able to withstand over 100.000x bends. This is made possible thanks to a combination of features, called XFLEX.

XFLEX combines a specially designed connector with a braided nylon cable and reinforced core, making the cable both flexible, and extremely strong.

#### Lifetime Warranty

The Xtorm Xtreme Cables are built to be life-proof. Their unique XFLEX reinforced design has been thoroughly tested, and is proved to be extreme durable. These qualities allow us to offer a lifetime warranty\* on all Xtorm Xtreme Cables.
