ECO BELT CABLE USB-C TO USB-C (1.2M) BLACK

ECO Charging cable with leather strap

REF : NU-ECOBELT-C-2-BLK

EAN : 4895200442370

EXISTS IN : BLACK

DESCRIPTION :

Native Union has sought out the most innovative materials for its products, and has finally arrived at its first eco-sourced cable. Featuring a DuPont™ Kevlar® fiber reinforced construction designed to withstand over 15,000 flexes, the Belt Cable 1.2m Eco Edition is just as strong and durable as the original Belt Cable 1.2m, while incorporating more environmentally friendly materials, from recycled TPU to recycled PET to a bonded leather strap made from shredded fiber and leather scraps.

With the same high quality construction, but now more environmentally friendly, the Belt Cable 1.2m Eco Edition is the first product in a complete update of the Native Union cable line and is a major step in its sustainability efforts.

STRENGTHS :

- 100% recycled TPU connector housing
- Recycled bonded leather strap for cable management
- Supports Power Delivery for high-speed charging your iPhone
- Ultra-strong core made with DuPont™ Kevlar® fiber and designed to withstand 15,000+ bends lifespan*
- Same dependable performance and quality as the original Belt Cable range while giving a second life to plastic bottles & post-consumer waste
- 100% recyclable & plastic-free packaging

COMPATIBILITY :

USB-C to USB-C
