DESCRIPTION :

Are you looking for a cover that is both attractive and convenient? With this Easy-Click cover, Gecko Covers has introduced a new line of protective covers which, besides offering excellent protection, are also very easy to use. Ultimate protection In effect, you simply click your tablet into the strong inner case. This is made to measure so your tablet will never fall out. Optimal ease of use Thanks to the ideally positioned magnet in the case, your tablet's wake-up/sleep function will work automatically. The cover also has all the appropriate openings to allow easy access to the various ports on the Huawei MediaPad M3 Lite 10.1. The camera can therefore be used without removing the tablet from the cover, for example. The cover can also be used in different positions, enabling you to use your tablet optimally in countless situations.

STRENGTHS :

- Easy to use
- High protection
- Automatic ON/OFF when the folio is closed
- Many positions of utilisations
