UNION

ECO USB-C TO USB-C BELT CABLE (2.4M) KRAFT

ECO Charging cable with leather strap

REF : NU-ECOBELT-C-PRO-KFT

EAN : 4895200448365

EXISTS IN : YELLOW

DESCRIPTION :

Native Union has sought out the most innovative materials for its products, and has finally arrived at its first eco-sourced cable. Featuring a DuPont™ Kevlar® fiber reinforced construction designed to withstand over 15,000 flexes, the Belt Cable 2.4m Eco Edition is just as strong and durable as the original Belt Cable 2.4m, while incorporating more environmentally friendly materials, from recycled TPU to recycled PET to a bonded leather strap made from shredded fiber and leather scraps.

With the same high quality construction, but now more environmentally friendly, the Belt Cable 2.4m Eco Edition is the first product in a complete update of the Native Union cable line and is a major step in its sustainability efforts.

STRENGTHS :

- 100% recycled TPU connector housing
- Recycled bonded leather strap for cable management.
- Power Delivery support for fast charging of your iPhone.
- Ultra-strong DuPont™ Kevlar® fiber core, designed to withstand over 15,000 flexes over its lifetime*.
- The same reliable performance and quality as our original belt cable line, while giving plastic bottles and post-consumer waste a second life.
- 100% recyclable, plastic-free packaging

COMPATIBILITY :

USB-C to USB-C
