PC and MacBook stand with integrated hub

REF : EP-9915111900082

EAN : 8596049168198

EXISTS IN : GREY

DESCRIPTION :

Epico USB-C Hub Multiport 8in1 is a multifunctional stand with a detachable hub. The elegant and subtle stand with a multiport hub is an ideal choice if you're looking for an all-in-one solution. The firm yet thin construction is designed for USB-C enabled laptops of sizes up to 20". The stand elevates up to 10 cm, adjusting to any user and significantly improving a sitting posture and overall workplace health. The hub connects all necessary peripherals and supports HDMI 4K/30Hz. 2× USB-C PD 3.0 are placed on both sides of the hub with fast charging power up to 100W and 2× USB-A 3.2 Gen 1. You can connect to any LAN network via an Ethernet port with a transfer rate of up to 1Gbps. And what every user surely appreciates are the SD and Micro SD card slots.

STRENGTHS :
