

140W USB-C PD3.1 EPR GAN WALL CHARGER

Charger for MacBook and laptops

REF : XT-XAT140

EAN : 8718182277104

EXISTS IN : WHITE

DESCRIPTION :

To power the next generation of laptops, we have developed this Volt II USB-C PD GaN wall charger that supports up to 140W of power. This is made possible by the implementation of the PD 3.1, which is compatible with an extended power range (EPR).

Its compact size is the result of the integrated GaN chipset, which allows the charger to safely and efficiently handle more power, in a smaller size!

STRENGTHS :

- **Battery information**
- Output 1 (W)
 - 140.00
- Output 2 (W)
 - 100.00
- Output 3 (W)
 - 22.50
- Output Types
 - USB-A Quick Charge 3.0,USB-C PD
- Number of Outputs
 - 3
- Output 1 Type
 - USB-C PD
- Output 2 Type
 - USB-C PD
- Output 3 Type
 - USB-A
- Max power (W)
 - 140.00

CHARACTERISTICS :

- Height of the article (cm)
 - 8.00
- Width of the article (cm)
 - 2.80
- Length of the article (cm)
 - 11.50
- Net weight article (Gr)
 - 270.00
