DESCRIPTION :

Do you have an active lifestyle? Then you need wireless headphones that can keep up. With up to 50 hours of battery life to play your motivating tunes and Pure Bass JBL sound you can feel right in your muscles, the Endurance Peak 3 earphones are your perfect workout partner. The durable IP68 design with water and dust resistance handles the dustiest mountain trails and most intense workouts, while a foldable TwistLock™ stabilizer with an "ear loop" design ensures that the earphones stay in place no matter how you move, to ensure a secure and comfortable fit. And with the ability to make crystal clear calls wherever you are and stay in tune with your surroundings, you'll stay connected to the world wherever your workout takes you.

STRENGTHS :

- JBL Pure Bass Sound

Get the most out of your favorite workout music with rich bass from dynamic 10mm drivers that deliver powerful sound when you need it most.

- Up to 50 hours total battery life with fast charging

Whether you measure your energy output in miles, kilograms or minutes, JBL Endurance Peak 3 earphones can keep up with you, with up to 10 hours of battery life in the earphones and 40 hours in the case. And when you need a boost, use the quick charge to add up to an hour of battery life in just 10 minutes.

- IP68-rated for water and dust resistance

With an IP68 rating, the JBL Endurance Peak 3 earphones are ready for your most active adventures, rain or shine. And they'll last for 30 minutes in depths of up to 1.5 meters of salt or fresh water. So you can surf with your headphones on or

rinse them off after a workout-all without missing a note.

- Ambient Aware and TalkThru

Whether you're jogging or working out, TalkThru makes it easy to make and receive calls wherever you are. And with Ambient Aware, you can stay in tune with your surroundings without having to remove your earphones.

- 4 microphones for clear, crisp calls

Even on a windy bike path, your voice will be heard with dual-beam microphones in each ear to ensure clear communication. And with VoiceAware, you can choose the volume of your own voice by adjusting the audio input volume of your microphone, which will be redirected to your earphones.

- Powerhook™ system for an ergonomic fit

The JBL Endurance Peak 3 JBL earphones fit comfortably with a collapsible TwistLock™ stabilizer in an "earwrap" design that ensures your earphones don't fall out, even during your most active moments. And when you take them off, the headphones automatically turn off even if you don't put them back in the charging case.

- JBL Headphones app

Practice your way. Customize your headphone settings to suit your needs with the dedicated JBL app.
