Connect up to three 4K Displays!

with MST support

Boost your productivity and extend your desktop to multiple monitors, so that you can have different content on each screen. This LINQ Adapter with MST support allows you to connect up to 3 screens in 4K.

*Extended desktop requires host platform that supports MST

Stunning 4K Video & Audio

4K@60Hz

Work more efficiently on a larger screen or just enjoy photos, your favourite shows, movies or play games in a crystal clear 4K high definition video at 60Hz.

Designed for Peripherals

Low interference USB-A ports

Sometimes you don't need the fastest connection available, you just need to connect a standard device to a port that is missing on your device. For those occasions we have added peripheral ports. Stable and reliable connections, perfect for your computer mouse, keyboard, printer or scanner and other less speed demanding USB peripherals.

Keeps You Powered*100W Power Delivery*

Stay charged for when you need it! Experience the convenience of the USB-C passthrough charging and keep your laptop charged while enjoying the benefits of the extended connectivity from the hub. Compatible with 100W PD Chargers

Durable Braided Fabric Cable

Features a 15cm braided, strong yet flexible cable.

Sustainability starts with durability!

Sustainability*#FutureProof*

Committed to impact change with our products.

We believe it is our responsibility to design a positive impact into our products life-cycle.

Starting with the materials used in the creation of the product, but also including the environment of the skillful assembly workers that make them, in which material we protect and pack them, how we transport them, and last but certainly not least how long they can be used

STRENGTHS :

- Connect up to 3 external displays!
- Connect up to three 4K Displays!
- Stunning 4K Video & Audio
