#### **Connectivity, without Compromises!**

The LINQ USB-C to DisplayPort Pro Cable delivers a breathtaking immersive 8K resolution via DP1.4 for ultra sharp images, photos or video's. Combined with a 60Hz refresh rate, for smoother video playback, sit back, relax and enjoy your home cinema! Quick and effortless to install, the 8K/60Hz USB-C to DisplayPort Cable is just plug & play. No drivers needed.

Additionally, this cable also provides a crystal clear 4K resolution with an incredible 144Hz refresh rate for the smoothest gaming experience. Supports HDR

\*MacOS supports up to 4K/144Hz

#### **Smooth 8K/60Hz Video & Audio**

*C to DisplayPort*

Work more efficiently on a larger screen or just enjoy photos, your favorite shows, movies or games in stunning detail with ultra clear 8K high definition video and audio.

\*MacOS supports up to 4K/144hz

#### **4x More Pixels**

*8K @ 60Hz*

8K delivers a super-immersive viewing experience with 2X the horizontal and vertical resolution of 4K, and 4 times as many pixels; and combined with 60Hz refresh rate enables smooth and sharp viewing of content with high-speed action.

4K@144Hz enables ultra-fast motion UHD images to be crisp and razor sharp; and sports, action movies, high-performance gaming benefit significantly from these refresh rates.

#### **HDR Support**

*High Dynamic Range*

The USB-C to DisplayPort cable supports High Dynamic Range mode, which offers better brightness and color capabilities compared to traditional content.

HDR can show a wider range of colors and light and more details in between the extremes. Colors are therefore more vivid and unique in HDR content. Additionally, bright parts of a scene are brighter while dark parts can be darker, which brings more clarity and detail.

### **Durable Braided Fabric Cable**

Features a braided, strong yet flexible cable.

Sustainability starts with durability!
