EXISTS IN : BLACK, SILVER

DESCRIPTION :

His Pure Bass, powerful. Now you can even take it with you. Discover JBL T205 headphones with JBL Pure Bass sound. They are light, comfortable and compact. Under the high-end metal case, a pair of 12.5mm speakers produce incredible bass, while the ergonomically shaped soft earbuds ensure a comfortable listening experience for hours. Plus, a one-touch key lets you control your music and easily respond to calls with the built-in microphone, making the T205 JBL your everyday companion for transport, work and home.

STRENGTHS :

- His JBL Pure Bass: For nearly 70 years, JBL has worked tirelessly to improve the precise and impressive sound found in large venues dedicated to events around the world. These headphones reproduce this characteristic JBL sound, which produces bass that is both deep and powerful.
- One-Touch Hands-Free Kit: Control your music with a convenient one-touch universal remote. You have a call ? Answer it easily with the built-in microphone.
- Flat cable anti-knots: The T205 is equipped with a flat cable that will last a long time and will not get tangled.
- Comfortable Ergonomic Ear Pads: Ergonomic soft and comfortable ear cups provide you with the ultimate in listening comfort.
- High-End Metallic Case: High-quality finishes give your headphones (and yourself) a trendy and elegant look.
- Soft Carrying Case: The T205s are easy to store and transport in their included soft carrying case.
