DESCRIPTION :

Presidio® STAY CLEAR is our most protective and slim clear case that's designed to, well, stay clear. It has the same high-tech coating that luxury cars use on their headlights to resist discoloration from UV rays and other substances we come in contact with.

Not only is this case stylish, but it's strong as nails. It's been tested to withstand drops of up to 13 feet, so you'll be confident knowing your phone will be protected.

STAY CLEAR also has an antimicrobial treatment from Microban that provides lifetime product protection from stain and odor causing bacteria growth.

If that wasn't enough, there's also a raised bezel that helps protect your screen from scratching and shat

STRENGTHS :

13-foot drop-protection with IMPACTIUM™ CLEAR cushioning

When dropped, IMPACTIUM™ CLEAR, the protective material on the inside of the case cushions your phone like an airbag to absorb and disperse shock. This case has been dropped from 13 feet multiple times by independent labs and was designed for impact.

Stays clear. Guaranteed.

Show off the beauty of your phone, without compromising protection. Our proprietary coating is guaranteed to prevent discoloration caused by UV rays and other substances you encounter.

Invisible Microban antimicrobial product protection

Only Speck has Microban. It's antimicrobial treatment that provides lifetime pr
