Docking station 4K

REF : SA-ST-D4KTM-EU

EAN : 810086361021

EXISTS IN : GREY

DESCRIPTION :

Take your visual experience to the next level – the ultimate answer for anyone in need of a high-performing, multi-display workstation and the perfect solution for single monitor limitations. Supporting DisplayLink Manager software, this docking station can enable three 4K/60Hz video displays in extended mode, providing you with a stunning visual experience every time. It is universally compatible with any host device that supports DisplayLink Software and is equipped with either a USB-A or USB-C port.

**macOS 11.0 or higher, DisplayLink Manager is required for multiple monitor support*

***USB-A host devices will only support two external monitors max using Display 2 and Display 3 ports. Only USB-C host devices will support triple monitor output.*

****Only USB-C host devices that support Power Delivery will charge at up to 100W. USB-A host devices will not charge through the docking station.*
