EXISTS IN : BLACK

DESCRIPTION :

The Zens Magnetic Nightstand Charger is a reliable and convenient way to wirelessly charge your iPhone 12 and up or your AirPods with a MagSafe case. You can charge an iPhone 12 and up in both portrait & landscape mode because of the innovative convertible design. No more tangled or broken charging cables that often need to be replaced. Your devices will have a dedicated charging spot, providing peace of mind. Just place your iPhone or AirPods on the charger and the charging process will start automatically. The charger is made from high-grade Zinc/Alloy and is built to last. The Magnetic Nightstand Charger features 15W fast charging and supports Apple fast charge at 7.5W.

The Magnetic Nightstand Charger made to support Apple StandBy mode

When your iPhone is not in use, it can be placed horizontally on a Zens wireless charger. This automatically activates StandBy mode. A full-screen display will appear with all kinds of information at a glance: different clock styles, calendar, weather, or customizable widgets through Smart Stack. Therefore Apple StandBy mode in combination with this Zens wireless charger is the ultimate replacement of outdated alarm clocks at home and when traveling or using it as a handy extra screen to run your favorite widgets while working.
