TWO DIGITAL BLACK

Wifi and Bluetooth 5.2 speaker

REF : TI-M2DBLK

EAN : 0850022506390

EXISTS IN : BLACK, BROWN, WHITE

DESCRIPTION :

Wi-Fi and Bluetooth Speaker

A meticulously designed Wi-Fi and Bluetooth speaker that seamlessly fits into your space. With Wi-Fi streaming through Google Chromecast and AirPlay 2, you can listen to music or podcasts via Spotify Connect, Tidal Connect, and a wide range of supported apps.

Easily stream music, podcasts, and news with Google Chromecast or AirPlay 2.

Use Google Home or Apple Home to connect devices or rooms. It has never been easier to stream music throughout your home and get such high-quality sound.

The Two Digital model features a classic and elegant design. With two ways to display the model, aluminum grilles, real wood cabinets, and three color options, it is a speaker that seamlessly elevates your interior design. The clean design eliminates the need for a screen thanks to an LED strip that intuitively displays its status. Its versatility makes it the perfect standalone speaker or addition to your growing audio collection.
