

## SOUNDGEAR SENSE WHITE

Air conduction earphones

REF : HA-JBLSNDGEARSNSWHT

EAN : 1200130003912

EXISTS IN : BLACK, WHITE

### DESCRIPTION :

The JBL Soundgear Sense wireless earphones feature JBL OpenSound technology with air conduction, which doesn't completely block your ear canal, making them comfortable enough to wear for hours. The flexible ear contours rotate, allowing you to choose whether to focus on your music or calls, or to listen to more of the surrounding world's sound. A detachable neckband provides even more secure fit during workouts, and an IP54 protection rating means they can resist sweat and even light rain. Your voice will be crystal clear, even in windy conditions, thanks to four voice microphones. Customize how you use the intuitive touch controls on each earbud to manage your music and calls with the My JBL Headphones app. The JBL Soundgear Sense adapts to your needs.

### STRENGTHS :

#### **JBL OpenSound Technology**

The OpenSound technology in JBL Soundgear Sense earphones delivers a natural sound experience without any sound leakage. With this innovation, sound pressure is directed through waves to your ears, while an opposite phase reduces sound dispersion. You enjoy your sound while protecting your privacy. Additionally, the JBL Soundgear Sense fits around your ears without blocking your ear canal, allowing you to hear your sound and the world around you in total comfort.

#### **Enhanced Dynamic Sound**

Two 16.2mm speakers, one in each earbud, feature a unique bass enhancement algorithm, providing an incredible uncompromised sound experience with impactful bass and pure sound, allowing you to enjoy every beat while listening to the world around you.

#### **Up to 24 Hours of Battery Life and Quick Charge**

For lasting enjoyment, listen wirelessly for up to 6 hours and get an additional 18 hours in the charging case. If you're in a hurry, use the convenient USB Type-C cable: a quick 15-minute charge gives you an extra 4 hours of music.

#### **Dust and Splash Resistant**

JBL Soundgear Sense earphones are IP54 certified - dust and splash-resistant. So, a gust of wind on a dusty trail or a sudden summer rain won't slow you down.

## Hybrid Design

Adjustable ear contours provide comfort and stability for all-day use. Heading out for a run? The included neckband offers even more secure fit so you won't lose an earbud during your workout.

## Dual Connect and Quick Pairing Sync

Open the case, and your earphones automatically pair with your device. Use both earbuds together or either one individually, thanks to Dual Connect.

## 4 Microphones for Clear and Crisp Calls

Your friends, family, and colleagues will hear every word you say, even if you're outdoors and it's windy.

## Touch Control Everything

Simply tap the earbud to control your music, volume, and calls. Use the My JBL Headphones app to customize your touch controls.

## My JBL Headphones App

The JBL Headphones app allows you to enjoy your music your way. Customize your listening experience and touch control gestures, find your earbuds, and smart audio and video modes. Download the app for free and discover all the extra things you can do.

## CHARACTERISTICS :

- Power Supply: 5 V, 1 A
- Frequency Response: 20 Hz to 20 kHz
- Impedance: 32 ohms
- Sensitivity: 112 dB SPL at 1 kHz
- Maximum Sound Pressure Level: 90 dB
- Microphone Sensitivity: -38 dBV/Pa at 1 kHz
- Maximum Operating Temperature: 45 °C
- Bluetooth Transmitter Modulation: GFSK,  $\pi/4$ -DQPSK, 8DPSK
- Bluetooth Version: 5.3
- Bluetooth Profile Version: HFP 1.8, A2DP 1.4, AVRCP 1.6.2
- Bluetooth Transmitter Frequency Range: 2.4 GHz – 2.4835 GHz
- Bluetooth Transmitter Power: < 10 dBm
- Speaker Size: 16.2 mm dynamic speaker
- Charging Case Weight: 68.1 g
- Neckband Weight: 5.3 g
- Earbud Battery Type: Lithium-ion battery (70 mAh/3.85 V)
- Charging Case Battery Type: Lithium-ion battery (600 mAh/3.8 V)
- Charging Time: 2 hours for a full charge
- Bluetooth Music Playback Time: up to 6 hours

- Talk Time: up to 3.5 hours
