

HDMI BI-DIRECTION SWITCH 4K

HDMI 2x1 Switch

REF : MWB-HDMISPLIT2-GRY

EAN : 3700313952894

EXISTS IN : BLACK

DESCRIPTION :

Thanks to the HDMI splitter, you can connect 2 HDMI sources (e.g. games console and TV box) to one output (e.g. TV screen), or conversely, 1 source to 2 outputs. Switch from one to the other with ease, thanks to the button on the box, while maintaining optimum image quality.

STRENGTHS :

High Resolution and Refresh Rate : Support 4k@60Hz and backward compatible with 2k/1080p. Support long-distance transmission of 2M each at the input and output ports at 4k@60Hz and 5M each at 4K@30Hz. Enjoy 3D visual at home as cinema. Note: the total length of cable is no more than 5M if you need to get 4K video connections.

Bi-directional Plug and Play NOTE : Only one display can be displayed at a time as a HDMI Splitter. 3 HDMI female ports on the Switcher. Easily switch and avoid damage your display ports due to frequent plug. No external driver required, press the button on the HDMI Switcher to switch signal between 2 input or output ports and you will know which port is active from the LED light.

4K@60HZ HDR Switcher : Support 4k@60Hz, 3D, 1080P, 4K x 2K@30hz resolution and TrueHD 7.1 provide theater-level effect at home, HDCP v2.2 compatible, 36 bit/px HDR color depth. With this HDMI switch you can enjoy the most luxurious video and audio.

PLUG AND PLAY : This HDMI switch is easy to setup and operate. No external power supply needed, just connect your HDMI devices to enjoy! Simple press of a button to swap signal within one second, no plug and unplug the HDMI cables anymore. The LED light tells you which port is active.
