DESCRIPTION :

Where utilitarian style meets practical versatility, the Transfer Sleeve is the future commuter's solution. Integrating modern design principles with geometric form, it's a highly protective and hyper-functional carry crafted with elegant joinery and premium hardware. Built for versatility, the Transfer Sleeve works as a hybrid sling/sleeve solution, giving the user the option to carry it as a sleeve, or wear it as a sleeve with ambidextrous strap mounting, making it adaptable to the wearer. Pack out the expandable front or compress it down as your needs demand.

STRENGTHS :

- Made with exterior recycled 300D polyester ripstop fabric
- Works as a multi-functional hybrid sleeve/sling
- Features ambidextrous strap mounting for user adaptability
- Removable straps make it easy to move between sling/sleeve formats
- Expandable front pocket compresses down for use as a sleeve, or packs out to store extras as a sling.
- Buckle clasp closure
- Slip pocket
