DESCRIPTION :

Have even more fun with JBL PartyBox Wireless Mics.

JBL PartyBox Wireless Mics. Simply plug them into any JBL PartyBox or use the dongle to enjoy a wireless connection and make your voice heard. Indoors or out, you'll get clear, captivating sound from these microphones, specially designed to sound great on any PartyBox speaker. A built-in foam pop filter reduces unwanted vocal sounds when you're singing a duet with your best friend, and an anti-shock mounting system preserves the silence when you pass the mic to a friend silence when you hand over the microphone to someone else. Enjoy 20 hours of battery life, and because you can still use a mic even when it's charging on the PartyBox's built-in external battery, the fun will last as long as the party. Make a splash with JBL PartyBox Wireless Mics.
