From the aluminum post to the vegan leather-wrapped base, the all-black stand was thoughtfully designed to evoke quiet luxury. The fastest performance is guaranteed with the 15W MagSafe Charger for iPhone and Apple Watch Fast Charger onboard. Luxury, flexibility and power - all in one compact stand.

StandBy for a great (adjustable) view:

HiRise 3 Deluxe allows you to adjust the angle of your iPhone by 35-degrees so you can display StandBy or see notifications at a glance. Attach iPhone to the stand, vertically or horizontally, and tilt the screen to the ideal viewing angle while your iPhone quickly charges on its vegan-leather covered official 15W MagSafe Charger.

Save time & space while charging Apple Watch:

Charge any AppleWatch, including Ultra, with any band on HiRise 3 Deluxe. This luxury stand has a genuine Apple Watch Fast Charger that tilts up for Nightstand Mode, or rests flat for a more minimal appearance.

Wait. There's room for another phone?

The third wireless charging spot, normally used to power up your AirPods, can also be used to wirelessly charge another phone. Have a friend or a guest over, they can drop their phone on back for a quick Qi-compatible charge too.

Electrifyingly beautiful:

HiRise 3 Deluxe is a multi-charger with the same design integrity as the Apple products it charges. Soft vegan leather covers the base and MagSafe charger on this black aluminum stand. HiRise 3 Deluxe is also a decluttering dynamo, charging three devices in one small space with one simple power cord. Elevate your charging game. Order HiRise 3 Deluxe today.
