## SCANWATCH 2 38MM ROSE GOLD

Next-generation hybrid connected watch

REF : WI-HWA10-MODEL3

EAN : 3700546708299

EXISTS IN : BLACK, WHITE, ROSE GOLD

### DESCRIPTION :

Introducing ScanWatch 2, the hybrid smartwatch equipped with new exclusive features, including the revolutionary TempTech24/7 module that enables continuous body temperature tracking. From sports to sleep, its astonishing 30-day battery life allows you to monitor your health day and night with peace of mind.

Thanks to our exclusive TempTech24/7 module and a new multi-wavelength PPG sensor combined with our latest software, ScanWatch 2 revolutionizes daily health tracking by providing access to essential health data and sending notifications at the slightest change in your health condition.

ScanWatch 2 is part of the new generation of hybrid smartwatches and benefits from the latest version of HealthSense™ software and the latest sensors, providing even more measurements and precision. This smartwatch also features a new grayscale OLED display for better display accuracy and maintains its exceptional 30-day battery life.

### STRENGTHS :

- Enjoy day and night tracking with our rechargeable battery with exceptional 30-day autonomy.
- Proactive health monitoring with advanced sensors and health measurements compliant with current regulations.
- Access your data through automatic and secure synchronization as well as continuous updates.
