Ultra-Wide fit screen protector

REF : PG-2839

EAN : 5711724028397

EXISTS IN : CLEAR

DESCRIPTION :

A new star in screen protection is born! Ceramic Protection from PanzerGlass® is an out-of-this-world screen protector that sets a new standard for durability! It's 5 times stronger than our strongest screen protector to date. Or to put it in impact terms: You can drop a 320 g steel ball from 2.5 meters onto the screen protector without breaking it! It even has a smudge-free coating that reduces traces of fingerprints and grease.

The screen protector is made of certified Japanese glass-ceramics from Ohara. Glass-ceramics is one of the world's most scratch-resistant materials and contains imbedded crystals, invisible to the naked eye, that prevent cracks from spreading, enabling a level of strength that can't be achieved with conventional glass. And as if that wasn't enough, the transparency of the glass is second to none thanks to Ohara's nano-crystallization technology.

The enclosed EasyAligner makes installation a piece of cake (seriously!), and to make it even easier, PanzerGlass have included step-by-step instructions as well as a QR code for quick access to their online how-to video. And remember: Once the screen protection is applied, you'll never again fear the sight of your phone tumbling to the ground screen first. This may not happen, but if it does, you'll regret not having clicked "add to cart".

The screen protector has an Ultra-Wide Fit, which means that it covers the front surface of your phone, providing you with a complete view of your beautiful phone screen while still leaving a little room around the edges for a PanzerGlass® case. And if you want an extra level of phone protection, combine the screen protector and case with a PanzerGlass® PicturePerfect or Hoops™ camera lens protector.

STRENGTHS :

- 5x stronger than diamond-strength glass
- FSC™-certified packaging

- Ultra-Wide Fit
- Drop protection

COMPATIBILITY :

iPhone 15 Plus
