Samsung Galaxy Z Flip 6 camera protection rings

REF : PG-7372

EAN : 5715685001468

EXISTS IN : CLEAR

### DESCRIPTION :

No "Oops!" with Hoops! The PanzerGlass<sup>™</sup> Hoops Camera Lens Protector keeps your camera lenses safe from accidental drops on stone-hard floors, bumps against sharp corners, and the screeching kiss of keys in your pocket. The slim profile optic rings are equipped with scratch-and shock-resistant glass and a metal frame that protect your lenses as well as looking great. And if you're worried about image distortion, you can rest easy: Hoops don't affect the clarity of your lenses or the quality of your photos – they just give you a bit more peace of mind.

The optic rings are designed for easy application and perfect fit. They are equipped with a silicone adhesive along the edges and come with an easy-to-use applicator that makes installation so simple that most people can do it on the first try! And remember: Once Hoops are installed, you'll never again fear the sight of your phone tumbling to the ground camera first. This may not happen, but if it does, you'll regret not having clicked "add to cart".

Hoops protect and prolong the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do. It's the new circle of phone life. By extending the lifespan of our devices, we postpone the need to produce new devices. This is one way of working toward a more sustainable future. And to top it all off, Hoops – like all our products – come in an FSC<sup>™</sup>-certified box that can be recycled.

### STRENGTHS :

#### **60% recycled glass**

Same strength. Circulation solution. This screen protector is made of 60% recycled glass.

#### **FSC<sup>™</sup>-certified packaging**

Comes in a box made of recyclable FSC<sup>™</sup>-certified paper.

**Drop protection**

Protects against crushing falls onto stone-hard pavements, unforgiving bathroom floors, and other device-smashing surfaces.

**Photo quality**

Doesn't affect the clarity of your lenses nor the quality of your photos – but just gives you a bit more peace of mind.

**Scratch resistant**

Protects your device from scratching caused by the hazards of everyday life.

**Shock resistant**

Keeps your device safe from your everyday fumbling, dropping and screen cracking.

**Longer lifespan**

Extends the lifetime of your device, enabling you to enjoy it longer and give it to others when you no longer need it yourself.

**COMPATIBILITY :**
