We need change. And MATRIX is that change. Made from 100% recycled plastic, it is designed to prolong the life of your iPhone. Delivered in FSC™-certified packaging, MATRIX offers an exceptional user experience: easy installation, better protection. MATRIX does not compromise. MATRIX does not settle for "good enough". MATRIX DOES NOT break.

MATRIX guarantees 100% compatibility with the ultrasonic fingerprint reader, for smooth unlocking every time. It even comes with an AlignerKit for super easy installation. And the look? So lightweight you don't feel it, so thin you don't see it, and so clear you don't notice it... until your phone hits a sharp table corner or falls onto a stone pavement.

MATRIX offers an Ultra-Wide Fit, covering the entire front surface of your phone for superb screen protection, while leaving room for a protective case. Once MATRIX is installed, you'll never fear the sound of your screen cracking again. This shouldn't happen, but if it does, you'll regret not clicking "add to cart".
