DESCRIPTION :

Civilian protective covers are designed to absorb and disperse the energy created when your smartphone collides with another surface. They protect your precious phone when it slips from your hands. Our laboratory-tested product is created by layering two shock-absorbing materials with a dynamic hexagonal pattern. This reduces the shock transmitted to your device on impact.

STRENGTHS :

- Integrated MagSafe module
- Shock-resistant core with dynamic hexagonal pattern
- Double-injection construction for extra shock absorption
- Non-slip grip
- Integrated screen protection
- Oversized touch buttons
- Wireless charging compatible with most third-party wireless chargers
- Integrated wrist strap anchor + compatible with wrist strap cards
- Limited lifetime warranty
- Eco-friendly packaging

COMPATIBILITY :
