DESCRIPTION :

Introducing the AntiMicrobial Silicone Stacks Case for iPhone from DECODED.
Carefully crafted for both style and protection, the Silicone Case features a unique Stacks design, making it stand out from standard cases. Made with high-quality polyurethane, it offers a soft-touch surface for a comfortable grip, while maintaining durability.

STRENGTHS :

- **Unique Design**: The AntiMicrobial Silicone Stacks Case features a distinctive design that stands out from standard cases.
- **High-Quality Material**: Made with premium polyurethane for a soft-touch feel and enhanced durability.
- **MagSafe Compatibility**: Seamless wireless and magnetic charging, with compatibility for a wide range of MagSafe accessories.
- **Superior Drop Protection**: Shock-resistant with drop protection up to 1.2 meters, ensuring robust device safety.
- **Hygienic Coating**: AntiMicrobial coating protects against microorganisms, keeping the device clean.
- **Scratch-Resistant**: Raised edges and microfiber lining protect against scratches and daily wear.
- **Perfect Fit and Easy Installation**: Tailored for a perfect fit with metal buttons, ensuring smooth functionality.
- **Eco-Friendly Packaging**: Sustainable, plastic-free packaging made from recycled materials.

COMPATIBILITY :

MagSafe, iPhone 16 Plus
