### DESCRIPTION :

Keep your everyday essentials charged and organized with the Satechi Qi2 Trio Wireless Charging Pad. Driven by the latest Qi2 technology, it can simultaneously deliver 15W of power to your iPhone, 5W of power to your AirPods, and 5W of power to your Apple Watch. The charger can double as a stand or deliver power when your phone or watch is lying flat. It supports both portrait and landscape orientations and includes StandBy Mode on iOS 17 and Nightstand Mode on watchOS. Its foldable, travel-friendly design features a premium-grade aluminum enclosure, a vegan-leather base, a soft silicone charging puck, and sturdy, durable hinges that won't weaken over time.
