DESCRIPTION :

Discover the Echelon Wireless Mouse: lightweight, modern, and high-performing

Designed for professionals on the move or at their desks, the Echelon Wireless Mouse combines lightweight comfort with sleek style. Enjoy a comfortable grip during extended use and a minimalist design that fits perfectly on any desk. Effortlessly switch between devices with its multi-device compatibility, and stay productive with a USB-C rechargeable battery that lasts for weeks.

STRENGTHS :

- **Lightweight and ergonomic:** Compact design with low-profile curves for optimal comfort.
- **Modern and minimalist design:** Clean aesthetics and whisper-quiet clicks, perfect for work environments.
- **Easy device switching:** Connect up to three devices (2 via Bluetooth and 1 with a 2.4GHz USB-A dongle) and switch with a single click.
- **USB-C charging:** Use it even while recharging.
- **Long battery life:** Lasts for weeks on a single charge.
