DESCRIPTION :

Protect your watch with PanzerGlass® full-body protection, designed for tough adventures. Drop-tested to military standards, it resists scratches, shocks, and drops from 1.2 meters. The slim design keeps your watch safe and extends its lifespan, contributing to a more sustainable future by reducing packaging by 66%*.

The protector covers the front and curved sides, leaving access to all controls, while the smudge-free coating prevents fingerprints and grease. Easy installation means you'll never worry about dropping your watch again.

*Measured from 2022 to 2024.
