DESCRIPTION :

Discover the Civilian case for your Samsung, designed for those who appreciate style, durability, and functionality. Thinner than our previous generation, this case integrates a magnetic module for compatibility with magnetic accessories and wireless charging. Built with a triple injection molding construction and a hexagonal cushioning core, the Civilian case for your Samsung offers protection against drops from up to 20 feet (6 meters), ensuring your phone stays safe from drops and daily wear. The raised edge protects your screen from scratches and impacts, while the non-slip grip keeps your device securely in hand. Enjoy the crisp and responsive feel of the oversized tactile buttons for easy control on the go.

STRENGTHS :

- **Magnetic Module:** Compatible with MagSafe, Qi, and most wireless chargers and magnetic accessories. Supports Samsung Pay.
- **Leash Anchor Points:** Integrated leash anchor points for added security and convenience (leash not included).
- **HyperCush™ Shock Protection:** Designed to disperse and absorb impacts when the phone hits a surface.
- **20-Foot Drop Protection:** Independently tested to withstand drops from up to 20 feet (6 meters), ensuring the safety of your device even in the most extreme conditions. Meets military drop test standards 3X (MIL STD 810G 516.6).

Enhance your protection with the ultra-magnetic Civilian Galaxy S25 case, designed for the adventurer within you.
