EXISTS IN : WHITE

**DESCRIPTION :**

Once installed, the T1S becomes virtually invisible while seamlessly integrating your curtain into Aqara Home and third-party automations. It opens the curtain when you arrive, closes it to ensure your privacy, and gently opens it to help ease you into the morning.

STRENGTHS :**1. Compatible with Matter and Apple Home**

Easily connect Aqara T1S with **Apple Home** to control your blinds via **Siri**. Everything is easier and faster from your phone!

2. Fast and Silent

Aqara T1S operates quickly and quietly. Its advanced motor allows for smooth opening and closing of the blinds, with only **27dB** of noise. It's almost silent!

3. Precise Control of Light and Privacy

With the **Aqara Home** app, you can precisely adjust the light and privacy in your home. Set specific openings for greater comfort and ease.

4. Compatible with Multiple Types of Blinds

Aqara T1S is compatible with many types of blinds, such as roller blinds or Roman shades. You can customize their control and enhance the aesthetics of your home.

5. Automatic Schedules

You can schedule your blinds to open or close at specific times according to your activities, for greater comfort and energy savings.

6. Ultra-Low Power Consumption

Aqara T1S uses very little energy, reducing your costs while offering optimal security and efficiency.

Important Note:
