CEILING LIGHT T1M

Smart Lighting with Matter Compatibility and
Customizable Colors

REF : AQ-CL-L02D

EAN : 6975833352128

EXISTS IN : WHITE

DESCRIPTION :

The Aqara T1M ceiling light combines dual color temperature main lighting with customizable RGB ambient light in an energy-efficient smart fixture. Compatible with smart home systems, it offers versatile control for better smart home integration, enriching daily life with both functionality and modern style.

STRENGTHS :

- **RGBIC Ring Light**: This special light on the side can change colors to create super cool lighting effects. It can also serve as a status indicator. For example, if a device detects a problem in your home, such as a leak or an open door, the light will change color to alert you.

- **16 Million Colors and Bright Whites**: This ceiling light offers a palette of 16 million colors. You can choose the color you prefer for each ambiance, from bright white for reading to a soft and relaxing color for unwinding. It also provides very clear light that doesn't strain your eyes.

- **Highly Realistic Light and Long Lifespan**: With a Ra90 color rendering index, the light shows colors with incredible accuracy. And no need to worry about its lifespan, it can last up to 50,000 hours, so you can use it for a long time without any issues.

- **Matter and Voice Assistant Compatibility**: You can connect this ceiling light to your favorite voice assistant, whether it's Alexa, Google, or Siri, and control it just with your voice! It also works with Apple Home and Matter, which means it can easily integrate into any smart home.

- **Multiple Smart Controls**: This ceiling light can be controlled in several ways. You can automatically adjust it based on events in your home, like when a door or window is open, to improve your security and comfort.

- **Low Energy Consumption and Easy Installation**: This ceiling light is very energy-efficient. It doesn't overload your Wi-Fi network and consumes little energy. Plus, it's easy to install. You only need a few steps to get it up and running. It also works as a Zigbee repeater, making your network even more reliable.

- **Perfect for All Spaces**: This ceiling light is perfect for different types of rooms such as the living room, bedroom, or dining room. It's gentle on the eyes, flicker-free, and fits perfectly into any environment.

Important Notes:

- An Aqara compatible hub is required.
- Home Assistant support is available via HomeKit controller integration.
- Voice control requires pairing with a compatible Aqara hub and integration with Aqara Home. To use Siri for control, it must be connected to Apple Home. Additionally, AI gesture recognition and control can be performed through the Aqara G3 camera.
- Recommended for installation and use in spaces from 5 to 20 square meters.

CHARACTERISTICS :

Technical Specifications

- **Nominal Parameters:** 100 - 240 V~, 50/60 Hz, Max. 0.4 A, 40 W
- **Color Temperature:** 2700K ~ 6500K
- **Wireless Protocol:** Zigbee
- **Zigbee Frequency:** 2405-2480 MHz
- **Max Zigbee Output Power:** = 13 dBm
- **Dimensions:** f 495 × 75 mm (f 19.49 × 2.95 in.)
- **Net Weight:** 2150g
- **Packaging Size:** 535x535x115 mm
- **Gross Weight:** 3300g
- **Supported Temperature:** -10°C ~ 40°C (14°F ~ 104°F)
- **Supported Humidity:** 0 - 95% RH, non-condensing
- **Package Contents:**
    - Main unit × 1
    - Base plate × 1
    - Mounting bracket × 1
