

## WIRELESS MINI SWITCH T1

Compact wireless switch with Zigbee 3.0 protocol for remote control

REF : AQ-WB-R02D

EAN : 6975833352166

EXISTS IN : WHITE

### DESCRIPTION :

The Aqara Wireless Mini Switch is a super handy switch that you can place or stick almost anywhere. It's compact, energy-efficient, and allows you to control your smart devices easily. Simply press once, twice, or hold to turn on or off accessories like smart lights or smart plugs. It's quick, easy, and everything is under control with this tiny switch!

- Compact design: Fits almost anywhere in any room.
- Remote control: Press once, twice, or hold to control your smart accessories.
- Low energy consumption: An energy-efficient switch.
- Compatibility: Perfect for controlling smart lights and smart plugs.

### STRENGTHS :

- **Super compact design:** No wiring needed! The sleek, minimalist design lets you place it anywhere or attach it easily with a sticker.
- **Smart Control with Apple Home:** Seamlessly integrates with other HomeKit-enabled accessories in the Apple Home app to simplify your smart life.
- **Aqara Home Automation:** Customize your home with personalized scenes by connecting the switch to our complete range of Aqara smart home products.
- **Wireless Doorbell Function:** Turn the Wireless Mini Switch into a smart doorbell when paired with the Aqara Hub. Personalize your ringtone through the Aqara App for a unique touch.
- **Emergency Button:** In case of an emergency, the Wireless Mini Switch can send push notifications and trigger alarms when pressed, using the Aqara Hub.
- **Advanced Technology:** Compact design, low energy consumption, and up to 50,000 presses. Made with a V-0 grade flame-retardant PC panel for high-temperature resistance, ensuring maximum safety.
