WALL OUTLET H2 (EU)

Zigbee 3.0 Wall Outlet with Remote Control and Advanced Security Features

REF : AQ-WP-P01D

EAN : 6975833351299

EXISTS IN : WHITE

DESCRIPTION :

The Wall Outlet H2 EU is a smart device that allows you to easily control and monitor your electrical appliances.
Here's what it does:

- **Easy control**: You can control the outlet with a physical button, a mobile app, or a voice assistant. You can also program it to work at specific times.
- **Energy monitoring**: It helps you track the energy consumption of your devices and use them more efficiently to save energy.
- **Device protection**: It protects your devices by automatically cutting off power if consumption exceeds certain limits or in case of overheating.
- **Easy installation**: The outlet fits 55mm wall plates, making installation simple and compatible with well-known brands.

STRENGTHS :

- **Zigbee 3.0 with Matter support**: When connected to an Aqara Hub, the outlet integrates seamlessly with Apple Home, Amazon Alexa, Google Home, Samsung SmartThings, Home Assistant, and Homey for complete home automation. Zigbee ensures low power consumption and improved network performance. *A Matter Controller for the corresponding ecosystem is required.*
- **55mm Wall Plate Compatibility**: The outlet includes a 55 x 55 mm wall plate and is compatible with other common wall plates, making installation simple for single or multiple outlets and ensuring compatibility with well-known brands like Schneider Merten System M and Atlas Design.
- **Advanced Security**: The outlet has built-in safety measures that automatically cut off power if energy consumption exceeds predefined limits (100-3840W, configurable) or in case of overheating. It also prevents overload by cutting power if the consumption drops below a set threshold (0-2 W) for more than 30 minutes.

- **Power-Off Memory**: The outlet remembers the state of your device during power outages, preventing sudden interruptions when the power is restored.
- **Configurable LED Indicator**: The LED indicator helps you visualize the outlet's status or can be put into standby mode to reduce light disturbance in your living space.
- **Energy Consumption Monitoring**: The outlet monitors energy usage and enables power automation to reduce energy consumption, lowering your bills without sacrificing convenience.
- **Varied Control Options**: Control the outlet with a physical button, mobile app, voice assistant, or program its operation for convenient and flexible management.
- **More Features with Aqara Home**: Customize the outlet's indicator and manage power-off memory through the Aqara Home app, ensuring a smooth, disruption-free experience.

CHARACTERISTICS :

- **Compatible devices**: Aqara, Apple Home, Alexa, Google Home, smart devices
- **Controller type**: Remote control
- **Hub required**: Yes (Zigbee 3.0 HUB)
- **Item weight**: 0.33 lb / 150 g
- **Operating humidity**: 0 ~ 95% RH, non-condensing
- **Operating temperature**: -10°C ~ 40°C
- **Socket type**: EU
- **Product dimensions**: 3.39 × 3.39 × 1.88 inches (86 × 86 × 47.7 mm)
- **Wireless protocols**: Zigbee
- **Included components**: Wall outlet H2 EU × 1, user manual × 1, screw kit × 1
