DESCRIPTION :

Introducing the redesigned MagSafe Essential Armor case for iPhone

Now compatible with MagSafe and available in elegant translucent colors. This ultra-thin and lightweight case for iPhone features a co-molded construction, providing a sleek and comfortable feel in your hand. Designed for superior protection, it offers reinforced corner protection to safeguard against drops and accidental impacts. The raised camera frame protects your lenses from scratches, while the interior hexagonal pattern enhances shock absorption, offering extra protection against daily impacts. Enjoy a satisfying click with every press, thanks to oversized tactile buttons that enhance your user experience.

STRENGTHS :

- **MagSafe Compatible:** Works with wireless chargers and MagSafe-compatible magnetic accessories. Supports Apple Pay.
- **Featherlight & Durable:** Lightweight construction with a soft shock-resistant core for reliable protection.
- **Lanyard Attachment Points:** Built-in lanyard anchor points for added security and convenience (lanyard not included).
- **15-Foot Drop Protection:** Independently tested to withstand drops up to 4.6 meters (15 feet), ensuring your device stays safe even in the toughest conditions. Meets MIL-SPEC 810G-516.6 standards.
