PROCABLE USB-C-HDMI 2M

USB-C to HDMI Cable

REF : LQ-LQCCH200

EAN : 8720574622805

EXISTS IN : SILVER

DESCRIPTION :

With this 2-metre USB-C to HDMI cable, you create the ultimate HD setup for your home or office. This LINQ 8K/60Hz PRO Cable provides 8K resolution via HDMI 2.1 for razor-sharp audio and video. Combined with the 60Hz refresh rate, you will experience seamless and crisp images.

STRENGTHS :

- **Crisp and razor sharp image with 8K/60Hz**
  Create the ultimate HD setup for your mobile device, laptop or computer with this USB-C to HDMI PRO Cable. You get the best 8K resolution via HDMI 2.1 and enjoy crisp clear video and audio.

- **Experience gaming with 4K/120Hz**
  Another functionality is crystal-clear 4K/120Hz for an elevated gaming experience. Since this cable supports High Dynamic Range (HDR), you will see more different colours with more clarity compared to a traditional cable.

- **Convenience for home, office or on-the-go**
  The strong braided cable with connectors made of recycled aluminium, is flexible and offers USB-C to HDMI 2.1 connectivity. The timeless and minimalist Danish design blends seamlessly with your laptop or display. With its matt grey colour, it fits perfectly into any interior, at home or in the office. Thanks to its compact size, you can easily take this durable PRO Cable with you.

- **Connectivity without compromise**
  All LINQ PRO Cables are designed for the best connectivity, without compromise. You can always rely on the best specs and latest features. Simply connect the cable to the device of your choice and it is ready to use - plug & play.

- **LINQ LogiQ**
  We call the great focus on design, choice of materials and premium technology LINQ LogiQ. The materials and technologies used all meet the highest quality and safety standards and create a smooth, seamless performance.
