

 Aqara

U200 ADJUSTABLE CYLINDER

Adjustable cylinder for Smart Lock U200

REF : AQ-AL-D01D

EAN : 6970504219939

EXISTS IN : SILVER

DESCRIPTION :

The AQARA adjustable cylinder is designed as a versatile, modular solution, allowing you to effortlessly customize its length to fit any door perfectly. Whether you're looking to extend or shorten it, the AQARA cylinder offers seamless adaptability, making it compatible with nearly every door in Europe.

This European-profile AQARA cylinder provides top-tier protection against break-ins and tampering, ensuring your home or business is secure. Plus, with its built-in emergency function, you can still lock the door from the outside using a key, even after installing the AQARA U200 smart lock on the inside. Enjoy security, convenience, and peace of mind with AQARA.
