

TUNE 520C USB-C BLACK

Hi-Res wired on-ear headphones

REF : HA-JBLT520CBLK

EAN : 1200130023255

EXISTS IN : BLACK, BLUE, PURPLE, WHITE

DESCRIPTION :

Hi-Res audio, now available to go.

Add some music to your day with the grab-and-go convenience of JBL Tune 520C USB-C wired headphones. They're lightweight and comfortable enough to wear all day long, plus they fold up flat to fit perfectly in even the most overstuffed bag. Two 32mm dynamic drivers punch out big, powerful JBL Pure Bass Sound. High-Resolution Audio support means your music will always sound its best. Plug them into any device with a USB-C connection—from PCs and laptops to phones, tablets, and even gaming devices. Take crystal-clear calls on the fly through the conveniently placed microphone and use the easy threebutton remote to control music playback, adjust the volume, and switch the EQ presets. All on a durable flat cable that won't get tangled in your bag. At work, at home, and especially on the go, the JBL Tune 520C USB-C is your everyday carry.
